

the authority of international law—obedience respect and rebuttal

Thu, 06 Dec 2018 10:46:00 GMT the authority of international law pdf - International law is the set of rules generally regarded and accepted in relations between nations. It serves as a framework for the practice of stable and organized international relations. International law differs from state-based legal systems in that it is primarily applicable to countries rather than to private citizens. National law may become international law when treaties permit ...
