Sun, 09 Dec 2018 13:49:00 GMT the free market and the pdf - In economics, a free market is an idealized system in which the prices for goods and services are determined by the open market and by consumers. In a free market the laws and forces of supply and demand are free from any intervention by a government, by a price-setting monopoly, or by other authority. Proponents of the concept of free market contrast it with a regulated market, in which a ...
